

LOUISIANA ENGINEERING SOCIETY

9643 Brookline Avenue, Suite. 116 ! Baton Rouge, LA 70809

www.les-state.org ! les@les-state.org

Dear Colleague or Registrant,

If you are a dedicated professional (or a new graduate), join others who share your concerns and interests at the Louisiana Engineering Society. With over a century of service, the Louisiana Engineering Society (LES) is the only active engineering organization in the State of Louisiana that serves all disciplines and in every area of practice.

Membership in LES automatically makes you a member of the National Society of Professional Engineers (NSPE). Through these prestigious organizations, you will have the opportunity to interact with other professional engineers at the chapter, state and national levels.

LES can provide the networking helpful to any career and access to the advice of key professional leaders in all engineering disciplines. You=ll be invited to luncheons, dinner meetings, seminars and symposia, as well as comparing notes with colleagues and potential employers.

Your support helps shape today, and the future of our profession tomorrow. LES and NSPE are actively involved in these issues:

- | | |
|--|--|
| ! Enforcement of State Registration Laws | ! Industrial exemptions |
| ! Political representation in Baton Rouge and Washington, D.C. | ! Engineer/Architect relationship |
| ! Continuing professional development | ! Professional recognition |
| ! Professional issues and planning | ! Community & Professional involvement |

Partial list of Membership benefits include:

- Louisiana Engineer and Surveyor Journal magazine and chapter newsletters, publications that keep you current on local activities, events, meetings, seminars, etc. that are of professional interest.
- Continuing Education courses, including Ethics, Life Safety Code, and other discipline specific sessions are offered to our members at a discounted rate.
- PE Magazine, NSPE=s monthly publication keeps you current with issues that affect the entire profession and bring you the latest news and trends concerning Construction, Education, Government, Industry or Private Practice.
- Opportunity to become involved in community projects like: MATHCOUNTS, Future City Competition, Engineering Scholarship Program, and other programs which help develop the engineers of the future.
- Health and life insurance, discounts on career-advancing publications, preferred treatment of auto insurance, discounts on car rentals, no annual fee for Gold and Silver MasterCard, discounts from UPS, and much more.

With such an extensive list of benefits, membership in the Louisiana Engineering Society and the National Society of Professional Engineers is indeed an outstanding value and many firms reimburse employees for the cost of professional dues.

Now, more than ever, you need LES= exclusive network of people, programs and services to help advance your career in today=s competitive marketplace. Joining LES and NSPE identifies you as a very special member of the engineering community, one who settles for nothing less than excellence in all tasks.

Invest in yourself and your career right now. The Louisiana Engineering Society invites you to join with other engineers on the road to success; complete the application on the back and mail today! For further membership information, contact LES at (225) 924-2021 or check out our website at www.les-state.org.

Sincerely,

Brenda W. Gajan
Executive Director
